Ⅲ 应用文写作赏析(短文投稿)

[2026·浙江金丽衢十二校高三联考]

你校英文报最近开设专栏讨论在数字化时代如何看待碎片化阅读。请以“My views on fragmented reading”为题投稿,谈谈你的理解和看法。内容包括:

1. 对碎片化阅读的理解;
 2. 简述利弊并表明你的态度。
- 注意:写作词数应为80个左右。

My views on fragmented reading

Fragmented reading, characterized by scrolling through short videos and brief articles (过去分词短语作后置定语), dominates our daily lives. From my perspective, though convenient (状语从句省略结构), this reading style does more harm than good.

Admittedly, fragmented reading offers efficiency. We can grasp news highlights or learn practical tips within minutes. Yet the problems cannot be ignored. Firstly, it fragments our attention span, making it increasingly difficult to concentrate on longer texts (现在分词短语作结果状语;it 作形式宾语). Secondly, the information obtained (过去分词作后置定语) is often shallow and disconnected, failing to build a systematic knowledge structure (现在分词短语作状语).

Therefore, my attitude is clear: while we may occasionally benefit from fragmented reading for quick updates (while 引导让步状语从句), we should prioritize deep reading of complete works. Only by immersing ourselves in books can we truly develop (only 位于句首引起的部分倒装) critical thinking and gain profound insights. Let's not sacrifice depth for speed (祈使句否定形式).
