Dear David,

I'm delighted to know you're coming to study in China. At your request, I'm writing to give you some advice, which I think is of great benefit.

Above all, it is necessary for you to improve your Chinese so that you can communicate with the locals. Besides, you'd better have a better understanding of traditional Chinese culture and lifestyle in advance. Only in this way can you adapt yourself to living in China for further study more quickly. Additionally, would you like to arrive in China ahead of schedule to get familiar with your learning environment? Meanwhile, I'll show you around some famous places of interest.

Anyway, I'll do all that I can to help you. I hope you'll enjoy studying in China.

Best wishes!

Yours,

Li Hua
